SUMMARY

Former high school math teacher, now a full-stack developer after completing a 16-week coding bootcamp.

PROJECTS

GradeBook Lite, React, Express, MongoDB **2025**

- Gradebook app for teachers with CSV import and charts; piloted by 4 teachers at my former school.

Bootcamp capstone: SnackSwap, React, Node.js, PostgreSQL **2025**

- Team of 4; I built the REST API, JWT auth and deployment on Render.

EXPERIENCE

Math Teacher, Westlake High School **2017 – 2024**

- Taught Algebra II and AP Statistics to 150 students a year; AP pass rate rose from 58% to 74%.
- Introduced Python in the statistics curriculum and ran an after-school coding club.

SKILLS

JavaScript, React, Node.js, Express, PostgreSQL, MongoDB, Git, HTML/CSS

EDUCATION

Full-Stack Web Development Certificate, CodeForge Bootcamp, 2025 · B.S. Mathematics, Georgia State University, 2017
